APPRECIATIVE COACHING: THE ART OF TRANSFORMATION

Appreciative Coaching is a co-creative process for human transformation. Through collaborative inquiry, dialogue and reflection, it enables people to integrate the best of their past with their strengths, values, and visions; and to bring forth positively powerful performance and results. Master appreciative coaches are catalysts, curators and witnesses to their clients' identity creation and recreation. They are able to establish trust and rapport, ask provocative and life-affirming questions, and listen with an open heart and a nonjudgmental mind. Recognizing that words create worlds they are able to mindfully reveal limits and metaphorically build bridges to new possibilities.

This is a workshop for coaches, consultants and managers who want to develop or hone their appreciative coaching skills to better support personal well-being, high performance and leadership excellence.

During this workshop you will learn how to: apply Appreciative Inquiry principles and process to coaching; craft appreciative questions; listen to discover life affirming metaphors and seeds of potential; and compose strength-based stories.

As a result of this workshop, you will gain greater awareness of your own "pro-creative" presence and enhance your capacities to:

- Help clients establish clear positive intentions
- Listen for the questions that need to be asked
- Frame questions to discover and catalyze potential
- Use metaphors to build understanding and inspire action
- Invite stories to suggest new approaches to old problems
- Trust your intuition to guide you and the coaching process

Learn how Appreciative Inquiry brings out the best and builds energy, focus and momentum for positive change. This workshop fulfills a requirement in the Certification for Appreciative Inquiry Practitioners and Consultants (CAIPC). This workshop is approved to offer 12 (9.75 CC / 2.25 RD) Continuing Coach Education credits (CCE) towards renewal of certification in the International Coach Federation.
